Every dollar, tracked.

Budget and expenditure automation for department finance teams. Move your budget beyond Excel.

01
Budget
Reconciled against Original Allotment, November Subvention and May Revise.

02
Expenditure
Real-time actuals against budget and forecast, reported by State and Federal Fiscal Year.

03
Encumbrance
Commitments tracked across funds and appropriations, keeping balances current.

04
Cost Allocation
Automated, repeatable Cost Allocation Plans (CAPs) driving every budget view.

THE EXCEL CHALLENGE

Where do we stand? The answer too often lives in dozens of linked workbooks, hand-reconciled actuals, version confusion, broken formulas and links, updated by hand. Radian replaces that manual effort with automated tracking.

DATA AND MIGRATION

Fi$Cal and payroll data feeds, automated loads and reconciliations. Excel workbooks, formulas and history converted.

SERVICES

Finance process assessment, UAT, QA and IV&V, training and change management, staff augmentation.

CREDENTIALS

Anaplan Partner. California CMAS and TDDC MSA contract holder. Serving the public sector since 1998.

State Financial Management Units - Need automation? Radian is replacing Excel-based financial analysis with enterprise level, role-based automated solution.
